If you want to apply please read these pages carefully.

BLUE DOVE ARTIST MANAGEMENT features carefully selected mix DJs from the UK. All of them have to meet our high standards to be accepted. If you're looking for work, publicity, promotion, help, guidance and advice, you should apply.

Our service is to provide exposure, promotion, publicity and DJ bookings. We have a restricted membership of DJ's in order to best fully promote, advertise and consult effectively.

Becoming a successful mix DJ is not done overnight, becoming truly recognised and promoted takes time. If you're not prepared to spend at least 3 years working at it please don't apply. We offer true promotion for quality DJ's.

Getting good DJ bookings is competitive and you need continued promotion, publicity, advice and help. That's why we're more than a DJ Agency – because we promote new fast-moving up coming DJs as opposed to just big names.

BLUE DOVE ARTIST MANAGEMENT publishes names and contact details of DJs, who are excellent at their craft, presentable, professional, reliable and good enough to meet the standards. If you want to apply, get listed and be recognized, you'll have to satisfy us that you have the talent and creativity to produce a totally professional show or set.

When it comes to promoting your name, we take all the hard work away from you. You do the clubbing, we do the promoting.

If you're successful, your name and details will be known to all the right people in all the right places who are only interested in real talent. It's difficult and time consuming for clubs to sort the inadequate from the excellent and this is where we come in. Through our reputation, we advise them and ensure they have access to the best.

Complete an application form and send a demo of your work, signing the declaration form to confirm that the mix is your own.

If we believe you've got what it takes - we'll contact you. If accepted, you'll receive your personal DJ number proving your status with us.

Print the application, and send via post with your mix CD. Please don't send applications back via e-mail. We need a demo of your work approx 60 mins. All recorded in real time, **no editing**.

If, after being accepted, a DJ fails to meet our expectations, we reserve the right to strike them off the register for whatever reasons we deem fit to do so.
